

Jessica Hermansen

JESS NEEDS
your HELP

Jessica Hermansen is 6 years old and was diagnosed with AML a few days before Christmas last year. AML is an acute form of leukemia which affects white blood cells and bone marrow.

Jess was admitted to Starship Hospital and has bravely been receiving intense treatment for the disease since her diagnosis. She's had several rounds of chemotherapy, lumbar punctures and blood transfusions.

As her treatment progresses she'll also undergo bone marrow transplants. Her treatment will be continuous and may extend beyond six months.

Several fundraising initiatives for Jessica and her family (Mum - Joanna Monteith, Dad - Lorne, and brother - Lucas) are planned by local Napier community groups, schools and individuals.

Anyone wanting to make donations may do so directly to Jessica's BNZ bank account 02 0700 0061752 97.

Please direct any questions you may have in respect of fundraising for Jessica to Wendy Lawrence on 021 401 395.

Thank you for your support
