

A Message from our Dental Therapist

Please avoid putting high sugar snack foods in your child's lunchbox. These snacks often advertise a high percentage of 'fruit juice' which can mask the fact that there is lots of sugar in them. Thank you ☺

COVID-19 Update from the Ministry of Education

As you will be aware, cases of COVID-19 (novel coronavirus) are confirmed in New Zealand, but Ministry of Health advise the chance of a widespread outbreak is low.

On 11 March 2020, the World Health Organization (WHO) declared COVID-19 a pandemic.

The Ministry of Health is the Government agency leading the response to COVID-19 and should be your first port of call for health and status information:

The Ministry of Education has advised schools to reinforce the same messages as they do at the beginning of each winter season. They are:

- * Avoid close contact with people with cold or flu-like illnesses.
- * Cover coughs and sneezes with disposable tissues or clothing.
- * Wash hands for at least 20 seconds with water and soap and dry them thoroughly: before eating or handling food, after using the toilet, after coughing, sneezing, blowing your nose or wiping children's noses, after caring for sick people.
