

Free and Healthy School Lunches

The Free and Healthy School Lunches programme started this week at Onekawa School.

The lunches have been met with approval by most children! The most difficult part of the programme is to provide a lunch that all children will enjoy; It is, however, virtually impossible to cater for 362 different taste buds!

Many thanks to our suppliers, Kai Time and Pita Pit, for providing our lunches; it is much appreciated.

Onekawa School Survey 2020 – Complete for chance to win a \$50 Voucher!!

The Board of Trustees and staff of Onekawa School are committed to student learning within a positive environment where connections and relationships are paramount. Engagement with our Onekawa School community is very important to us and we would like to extend an invitation to you to participate in our 2020 School Survey.

The purpose of this survey is to gather helpful feedback about our School. This survey will allow us to see the needs of the community, find out what areas are critically important to families and provide necessary information to help us shape the strategic direction of the Board and Senior Management.

We do understand that surveys do take time but we have made it as simple as we can with a limited number of questions in each section. The 3 sections included in this survey are;

1. School Feel & Communication
2. Teaching & Learning
3. School Sport

There is an opportunity for you to give additional feedback at the end of the survey should you wish to elaborate on any responses given.

Paper copies of the survey have been sent home with your child this afternoon. Please return to the office on Monday morning to go in the draw to win one of four \$50 Pak n Save vouchers!
