

A word from the principal... Maths Day Action!

On Tuesday all classes took part in a fun packed maths day. I really enjoyed visiting classes and seeing very happy faces enjoying a range of maths challenges and activities. Check out the action photos below!

**Cross Country – Year 3-6
Tuesday 1 September**

Cross Country for our Manaaki and Manawanui Syndicates is taking place on Tuesday 1 September.

Classes are undertaking lots of practice to get fit and ready.

Depending on the COVID-19 alert level, we may have to run the cross country without parents attending.

'Moveathon' - Tuesday 22 September

Our Moveathon takes place in the last Tuesday of this term.

This will be one of Team Pipi's major fundraisers for the year. Funds raised will contribute towards stage one completion of our playscape outside of our new classes.

Sponsorship forms will be sent home in a few weeks for children to collect donations.

The new buildings... why are they just sitting there?!?!

Although the classrooms are now complete, we are unable to move into them until the concrete and grass work is finished. This delay is once again beyond our control. We hope to be in as soon as possible. We will keep you posted 😊

Fun in the sun at Discovery Learning this morning!
