Lockdown and Tsunami Evacuation Procedure

It is important to share with you our school procedures around two types of potential emergencies - that being lockdowns and tsunami evacuations. Both of these issues have been prominent in the media over the last few weeks.

Lockdown

In a lockdown, children will be kept safe in classrooms and school buildings until we are given the all clear by officials.

During a lockdown, parents **must not** and **cannot** collect children from the school. The school will communicate with the school community primarily through our school app and then Facebook page. It would be appreciated if you **do not call us** during a lockdown as this will tie up our phone lines needed for urgent communication with emergency services.

Tsunami

Following an earthquake that is 'Long or Strong', or if we are given notification from authorities, we will evacuate without hesitation. We will take the route down Kennedy Road and Gloucester Street until we reach Taradale Park.

Please do not come to school in this situation as we won't be here! Like the lockdown mentioned above, we will send information through our school app and then Facebook page.

We complete emergency drills each term for lockdown, fire and earthquake to ensure these procedures are familiar with staff and children.

If you have any questions you are very welcome to come and talk to Steve.
