

A word from our Road Patrol Wardens...

Our Road Patrol Wardens do a wonderful job of keeping us safe crossing the road. I would imagine our crossing is one of the busiest, and certainly the only double laned one in Hawkes Bay.

I asked four of our wardens if they would like to give any important messages to our school community... they came up with lots! Here is the list:

For the Pedestrians

Walk, don't run across the crossing.

Wait until the warden says "cross now"!

When the warden puts their arm up please 'STOP'.

Stay off your bikes and scooters.

Don't get too close to the sign, it's hard for the wardens to see past you!

Don't talk to the wardens... we need to concentrate!

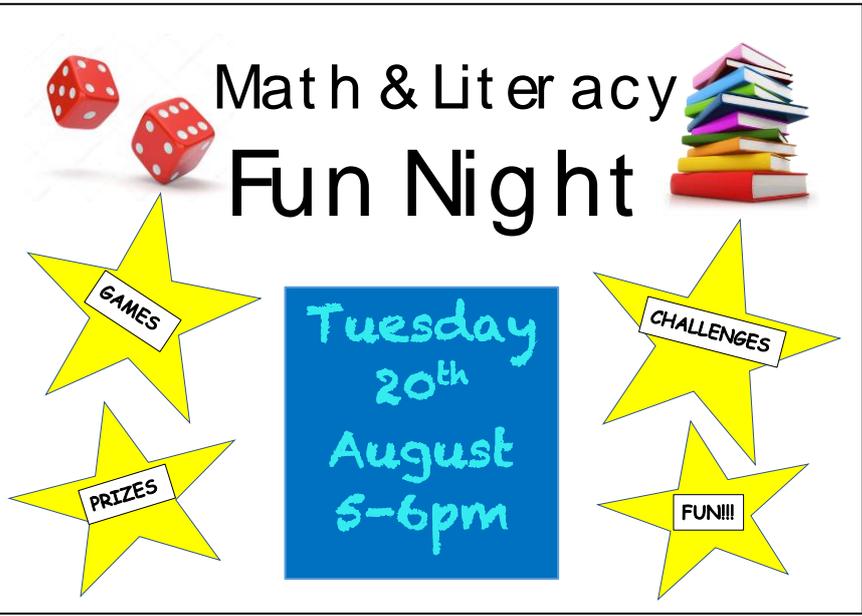

For the Motorists

Slow down! The speed limit is 40km/hr in the school zone.

If you are parked close to the crossing, and are about to leave, please indicate so we know not to open the signs.

Don't park or drop off people on the yellow lines. We can't see the traffic when you do this!

If one lane of vehicles stop for the crossing, it would be great if the vehicles in the other lane could do the same.

Math & Literacy Fun Night

Tuesday 20th August 5-6pm

GAMES **CHALLENGES** **PRIZES** **FUN!!!**

William Colenso College - Dance Group – Performance and Workshop

Thanks to the William Colenso Dance Group who performed at our assembly this morning. After morning tea, the group held a workshop with our senior classes. Our children learnt some cool moves and presented them to one another. Check out the photos below!

Above: One group planning the routine. Check out the amazing focus on all the faces!

Below: The early stages of the routine. Once again, check out the focus!!!
